Hi all,

The OSC website pinpoints the location as:

Latitude: 37.8945000

Longitude: -107.6384000

The coordinates agree with the link sent by Kristine, which shows the pathway and current location of spill.

Soledad

Subject: more links from High Country News site on mine spill

Audio piece on spill – helps provide more context on info in previous High Country News piece:

<http://kunm.org/post/nearly-century-and-half-pollution-animas-river#stream/0>

www.kunm.org contains a number of other stories on the spill

Map showing pathway and current location of spill... zoomable
